Brief Report	<p>The National Service Scheme (NSS) and PHC Mouda collaborated to organize a "COVID-19 Vaccination Drive" on October 25, 2021, at D.D. Bhojar College of Arts and Science, Mouda. All NSS Unit volunteer students actively participated in this event. COVID-19 vaccines offer protection against the disease by eliciting an immune response to the SARS-CoV-2 virus. Building immunity through vaccination lowers the risk of contracting the illness and its associated complications. This immunity equips individuals to combat the virus if they come into contact with it. Additionally, vaccination may safeguard those around you, as reduced infection and disease risk lower the likelihood of transmitting the virus to others.</p>
